

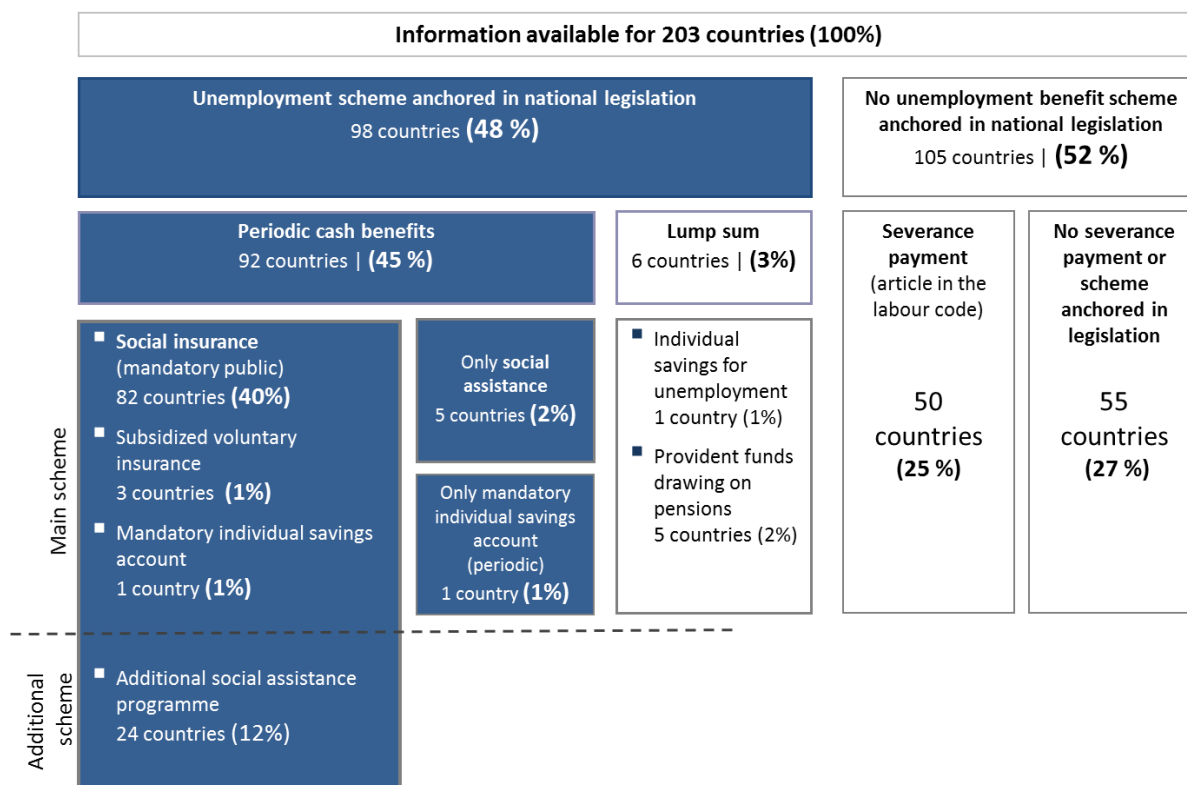

Figure 3.13 Overview of unemployment protection schemes, by type of scheme and benefit, 2015 or latest available year

Note: The schemes presented are not mutually exclusive. In many countries, unemployment insurance coexists with unemployment assistance, severance payments and public employment programmes. Countries that were classified as having severance payment have no unemployment benefit programme anchored in national legislation. Also, it should be noted that severance pay does not include redundancy pay. The share is expressed as a percentage of the total number of countries (203 countries = 100 per cent).
