

Figure 4.30. SDG indicator 1.3.1 on effective coverage for unemployment protection: Percentage of unemployed persons receiving cash benefits, 2020 or latest available year

Note \* To be interpreted with caution: estimates based on reported data coverage below 40% of the population.

Global and regional aggregates are weighted by the number of unemployed.

Estimates are not strictly comparable with 2016 regional estimates owing to methodological enhancements, extended data availability and country revisions.
