

Building social protection floors for all

ILO Global Flagship Programme

Monitoring framework of
the second phase
(2021-2025)

ILO Global Flagship Programme on Building Social Protection Floors for All

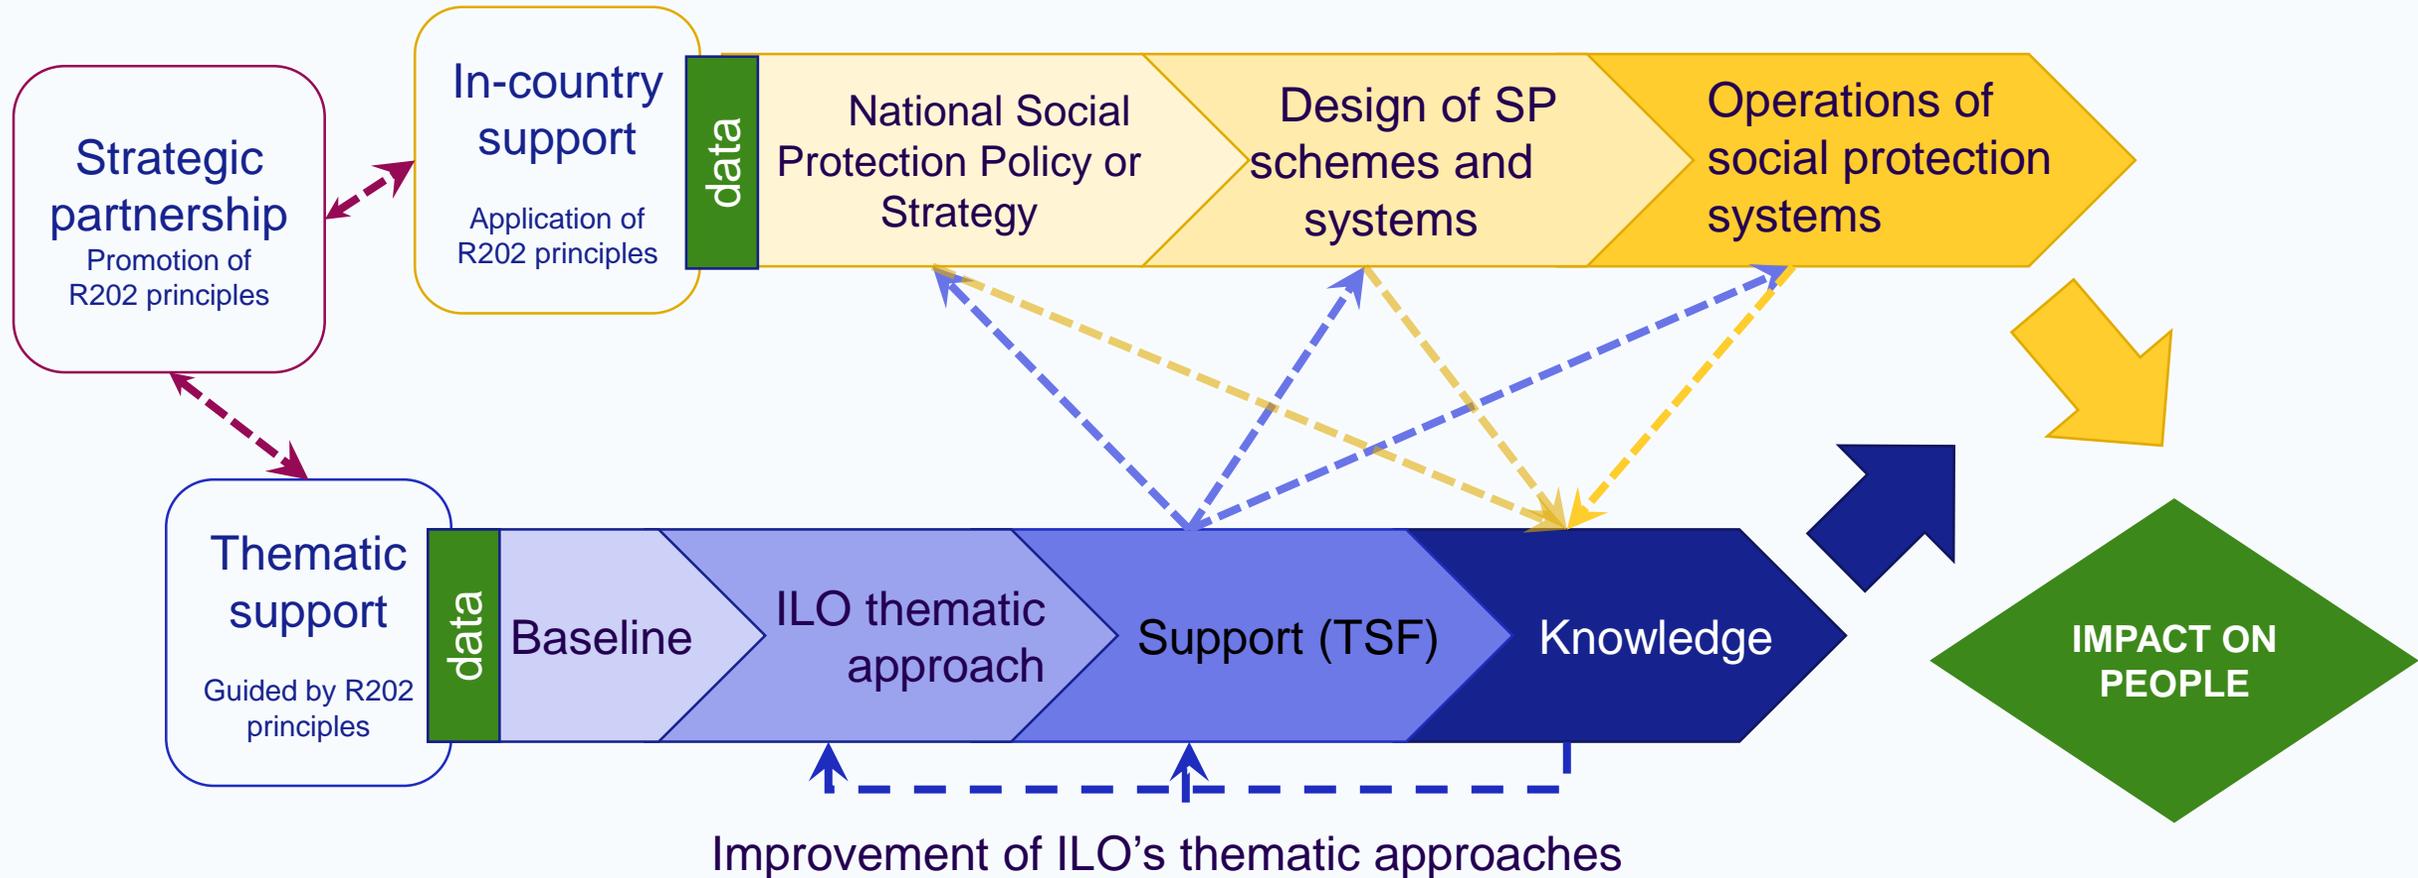

- ▶ Overall conceptual framework to guide all ILO interventions on social protection

Three pillars

- ▶ Country support to 50 priority countries
- ▶ Thematic support across 16 areas focusing on leaving no one behind or expertise needed to build robust and resilient SP systems
- ▶ Partnerships with the UN, social partners, development partners...

Theory of change

Overarching objective

Overarching objective

- ▶ Contributing to SDG targets 1.3. and 3.8 as well as other targets (decent work, reducing inequalities,...)

But need to capture

- ▶ Comprehensiveness of coverage
- ▶ Adequacy of coverage
- ▶ Sustainability of coverage: robust and resilient SP systems and sustainable financing
- ▶ ILO social protection standards

Principles to evaluate performance of social protection systems

- ▶ Recommendation No. 202 on social protection floors includes 19 principles
- ▶ Primary responsibility of the State
- ▶ Tripartisme for consensus building
- ▶ A rights-based approach
- ▶ Equitable and sustainable financing
- ▶ Good financial and administrative governance
- ▶ Coherence with other policies/ institutions

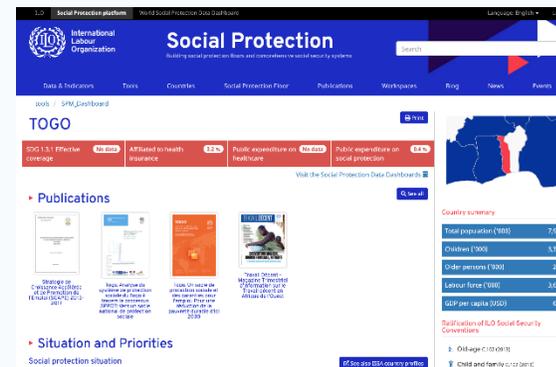

Measurement framework

Impact	Institutional results		
	Country pillar	Thematic pillar	Partnerships pillar
<ul style="list-style-type: none"> • Persons legally/ effectively covered • Persons with higher benefits • Persons with more comprehensive SP • Persons with better access to SP 	<ul style="list-style-type: none"> • Countries that have adopted new or revised policies and strategies (Step 1) • Countries that have adopted or reformed social protection schemes (Step 2) • Countries that have improved financial/administrative governance of SP system(Step 3) 	<ul style="list-style-type: none"> • Institutional results related to the respective thematic areas 	<ul style="list-style-type: none"> • Institutional results achieved in partnership with other development partners

Measurement of outputs/ ILO contribution: development of knowledge products, capacity building including of tripartite partners, working in partnerships

How do we collect the information?

- ▶ Results monitoring tool based on ILO-wide results and development cooperation databases completed by colleagues at country level
- ▶ Exchanges with UN Info to exploit synergies
- ▶ Country and thematic pages
- ▶ Evidence based communication and reporting

Next steps

- ▶ Finalise the M&E framework for the 2nd phase of the Flagship programme
- ▶ Clarify the methodology for assessing alignment with principles of social protection recommendation 202
- ▶ Develop integrated monitoring in support of the UN SG on the accelerator for jobs and social protection

▶ **Thank you!**
